

AC 403 E

ALL-ELECTRIC DRIVER'S AIR CONDITIONER

AC 403 E

PRODUCT BENEFITS:

- All-electric compressor drive system
- Constant cooling performance
- Reduced maintenance cost and time
- Easy installation
- No refrigerant hoses inside the vehicle
- Pre-charged refrigerant circuit

The AC 403 E is an electrically powered rooftop air conditioner, designed to provide constant capacity and simple installation. The AC 403 E is the perfect comfort solution for bus drivers on board of city and intercity buses.

OPTIONS:

- Electronic driver's control unit Klimalogic I
- Available also as split unit

TECHNICAL DATA	AC 403 E
Cooling capacity	3,5 kW
Length	1600 mm
Width	680 mm
Height	205 mm
Weight	55 kg
Evaporator air capacity	800 m ³ /h
Total current input at 12/24 VDC	-/65 A
Refrigerant	R 134a
Compressor capacity*	140 cm ³

*Other compressor types available on request
