A WORLD OF COMFORT

E-CONTROL

PRODUCT BENEFITS:

Centralized Climate Control: one operating element coordinates the complete bus thermal management system for consistent comfort

Tailored Operation: Intuitive, customer-specific functions simplify control for drivers and meet individual vehicle requirements

Future-Ready Flexibility: the adaptable platform supports changing bus, drive and fleet requirements

TECHNICAL DATA:

SOFTWARE FUNCTIONS[1]
AC-Roof-mounted System I
AC-Roof-mounted System II
Driver Seat Air Conditioning System
Compressor
Convector
Heater
Floor Heater
Special Functions
Diagnostic Functions
